Thank you Rita,

I'm more than happy to supply email trails to this person. I have been home with the flu all week and will search my Gmail account for this correspondence.

To all board members the email was sent to please gather and forward your emails as instructed. Thank you.

Rafik Ghazarian

Also, you do not need to create a record (document) that does not already exist. In order to conduct the email search, if nothing comes up with a search for "lacity.org <http://lacity.org>", then you can ask him to specify the names of the city staff. You may also be able to ask him to limit the search by a particular topic and not a blanket "all intra-board emails." Your legal adviser will help you with this to ensure you are in compliance with the law.

Good Morning Rafik and Chirs,

Sorry for the delay, but my mother has been in the hospital and I with her.

Regarding the request for public records, yes, you do need to make the communications available. The BID is required, under the law, to adhere to the California Public Records Act. A response is required within 10 calendar days, at which time you may ask for an extension of an additional 14 calendar days. Anything beyond that will need to be discussed with Mr. Riskin.

Some communication may be exempt from disclosure. You must discuss the request and the communications with your legal adviser.

Let me know if there is anything further.

Rita

Hi Rita!

Rafik Ghazarian is the new President of  
the Los Feliz Village BID. We received an email today from an  
individual who identifies himself as Adrian Riskin.. He is requesting  
all emails from BID staff or board members to the City Clerk, as well  
as, amongst one another. Our question to you, do we need to provide, as  
he states. To what extent, etc.....

Your advice would be helpful. Below is  
the wording of email, cut and pasted.

Good morning, Mr. Ghazarian, Ms.  
Loveless, Ms. Serrano, Ms. Benell.

I'd like to take a look at all emails  
between anyone on the LFVBID staff or board and anyone at lacity.org  
<<http://lacity.org>> or any of its subdomains from 2016.

I'd also like to see all intra-board  
emails from 2016. I'd like to see any attachments to these emails in  
their native electronic formats.

Note that if you supply the emails in  
their native .eml, .mbox, or .msg formats the attachments are  
automatically included in their own native formats, so there's no need  
to do any extra work. I realize that this request is likely to  
encompass a lot of material, so if you could give me access to it in  
tranches as it's prepared I would appreciate it very much.

Thanks for your help,

Adrian Riskin
